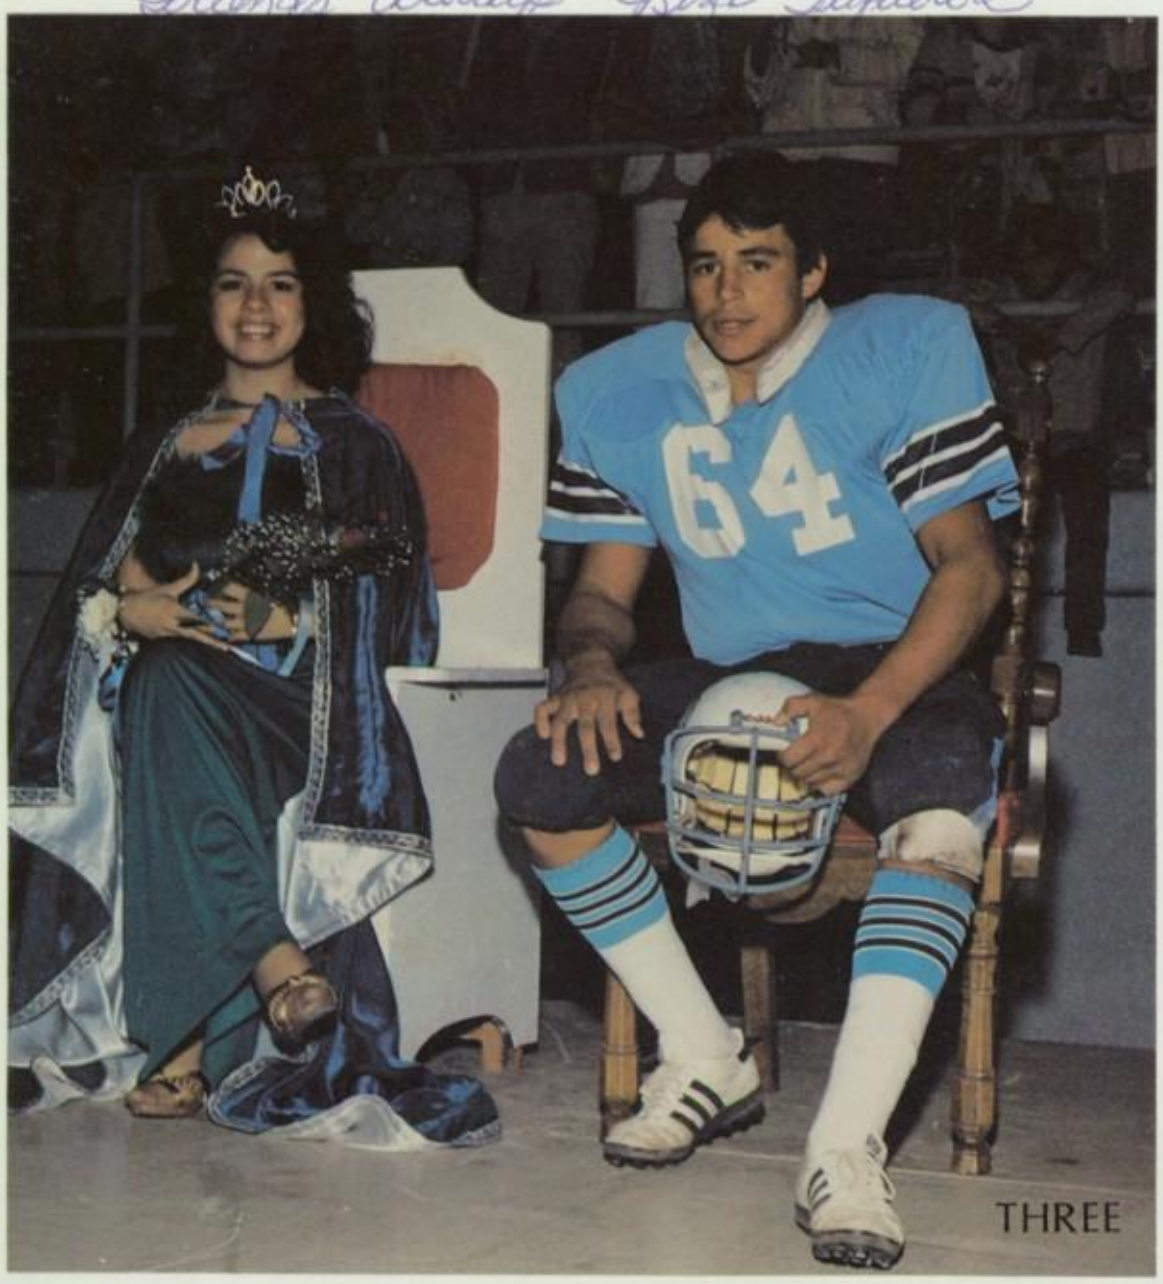
SPEAK MY WORDS,

Friends Always Lisa Figueroa



Everybody was looking forward to Friday, November 9th, because it was Homecoming.

When school began Friday morning, there was paper all over the school ground. What was written on them was not fit for publication. As more and more people read them tempers rose.

On the stadium where our "WARRIORS" was written, vandals from Salpointe wrote "Salpointe Lancers #1". Salpointe Catholic Lancers were also here on an exchange visit at the time.

As angry senior, **Pearl Elliott,** said, "How can the exchange students be here after they did this?"

As groundsmen and crew were called to repaint and sandblast for Homecoming, most people felt it couldn't be done in time for the game, which was to be held that night. "We're working on it, and we're doing all we can to have the place looking right for tonight", said **Ms. Serafina Grace,** assistant principal.

That night the stadium looked great but one thing happened; the T-Bird Club did not show up by half-time. Teachers and students were happy to assist and donated their cars.

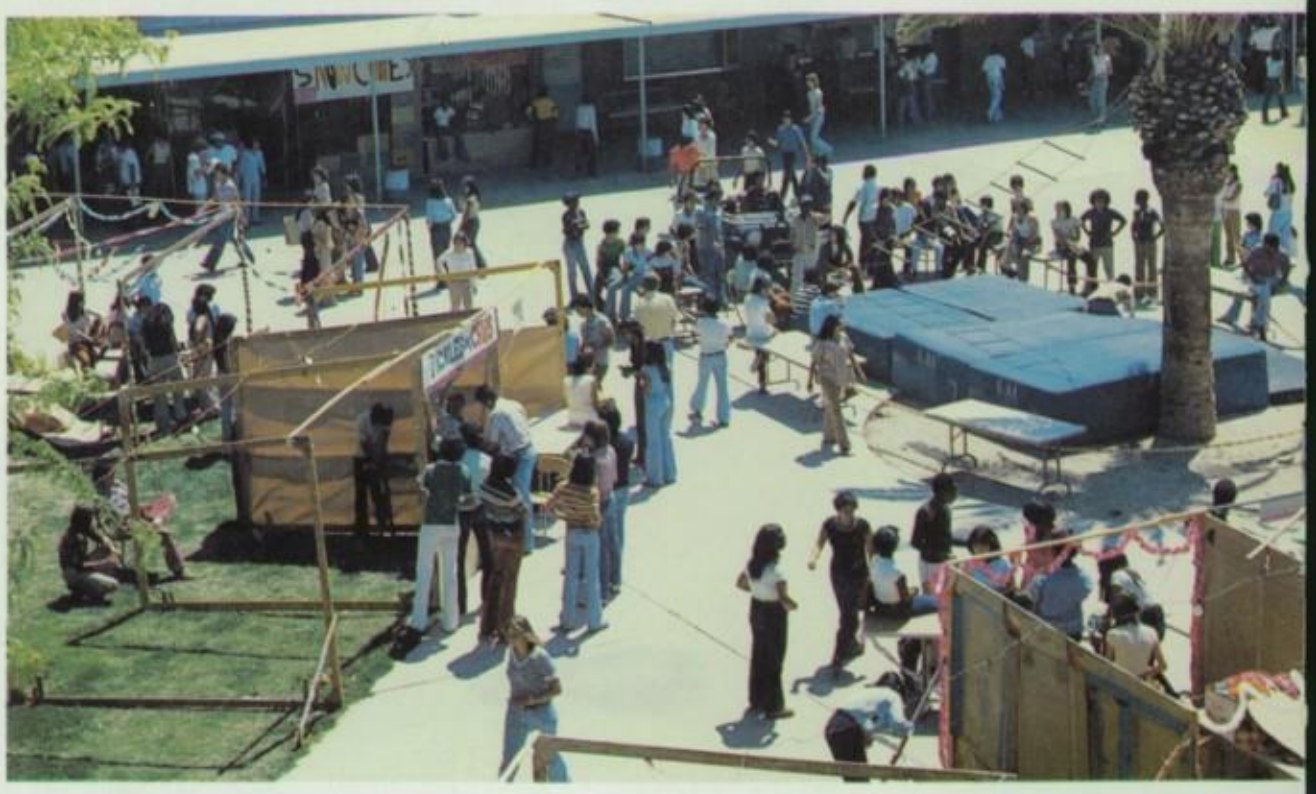
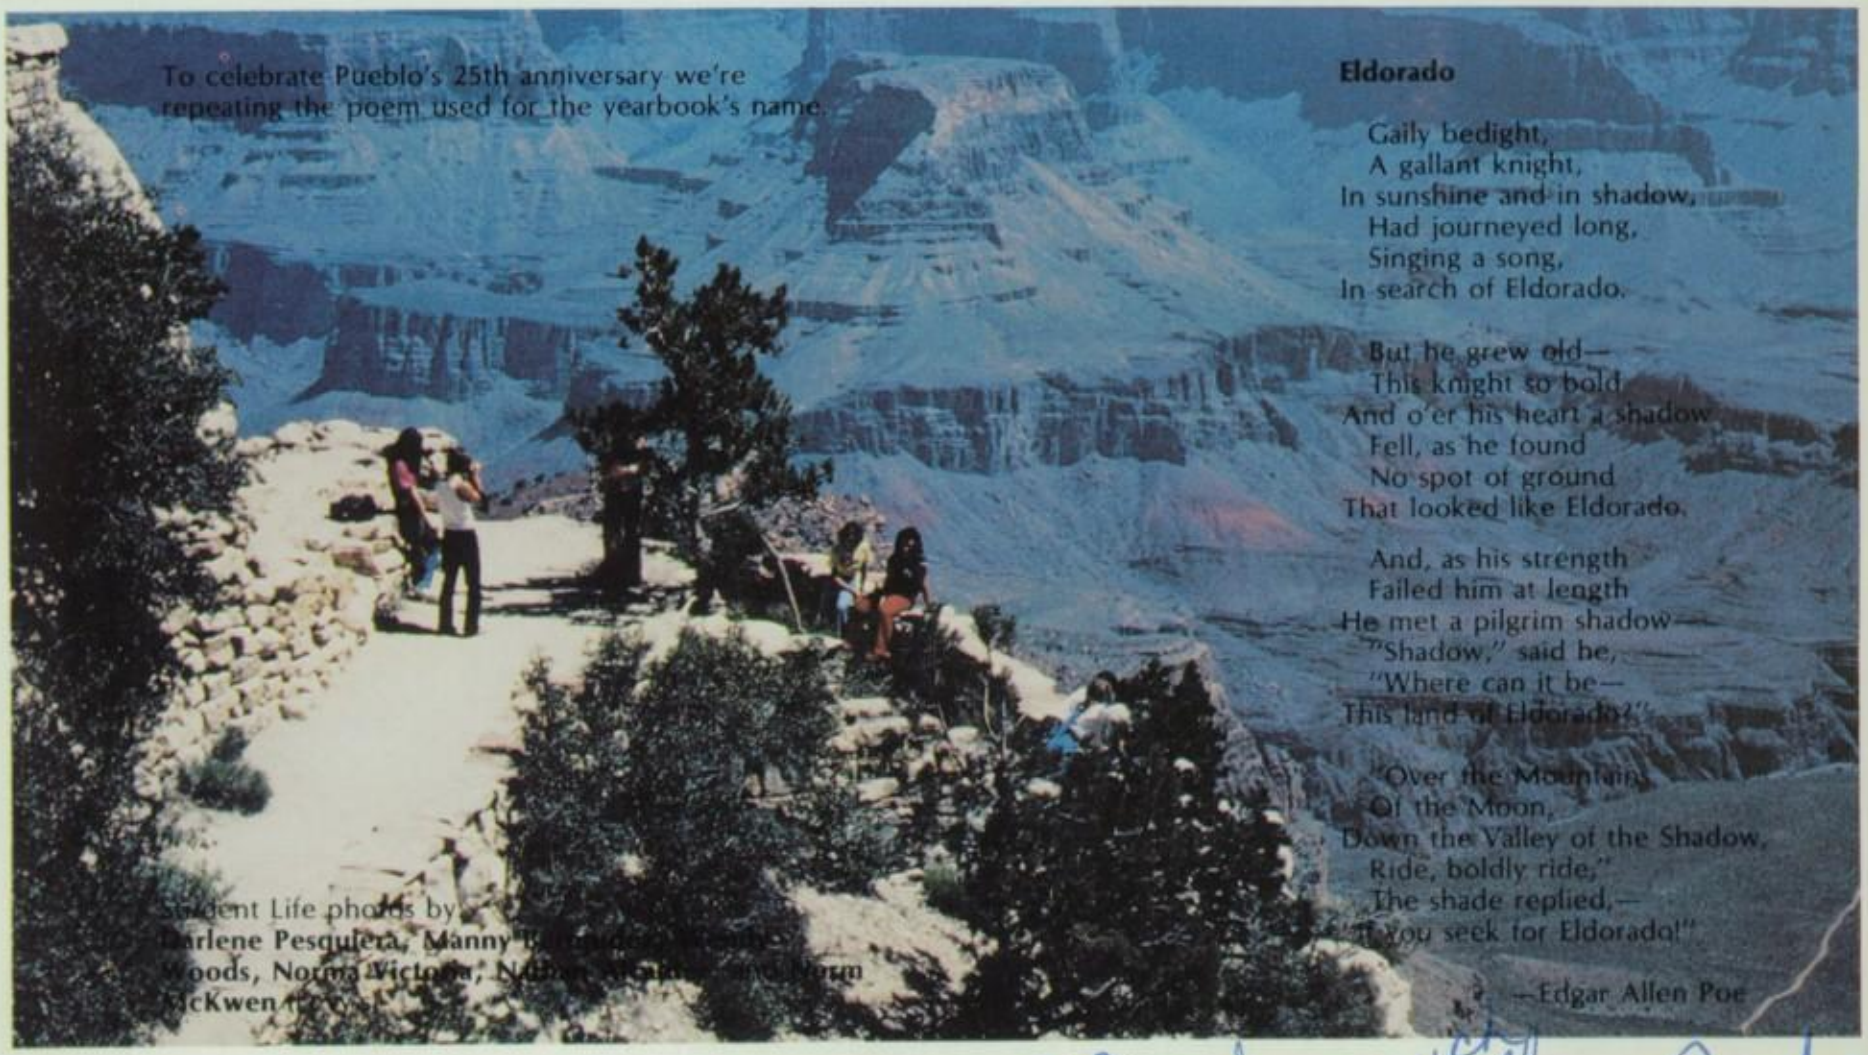
FIESTA '79



OR DO MY WORKS—GILES



To celebrate Pueblo's 25th anniversary we're repeating the poem used for the yearbook's name.

Eldorado

Gaily bedight,
A gallant knight,
In sunshine and in shadow,
Had journeyed long,
Singing a song,
In search of Eldorado.

But he grew old—
This knight so bold
And o'er his heart a shadow
Fell, as he found
No spot of ground
That looked like Eldorado.

And, as his strength
Failed him at length
He met a pilgrim shadow—
"Shadow," said he,
"Where can it be—
This land of Eldorado?"

"Over the Mountains
Of the Moon,
Down the Valley of the Shadow,
Ride, boldly ride,"
The shade replied,—
"If you seek for Eldorado!"

Arizona's Natural Beauty

Often we take Tucson's beauty for granted. Our area has a variety of landscapes ranging from low desert scrub and cactus land to pine covered mountain areas. When Warriors need a change, they can enjoy nearby Santa Rita and Catalina Mountain recreation areas. Sabino Canyon has a small streem flowing through it most of the year. Nearby Patogonia Lake is another refreshing place to relax. The beauty of Tucson's area is also graced with several Spanish Colonial buildings such as the San Xavier Mission located on the San Xavier Indian reservation. Although Tucson is growing, the old and new blend together and recreation areas still offer a chance to escape city living.

DISCO HITS PUEBLO

Pueblo's 1980 styles had many different looks, from disco to casual sports wear. There were very well dressed students on campus, not only girls but guys, too. Some of our staffers went to **"The Limited"** to model all the different styles which are popular now, such as the double belt, baggy strait leg jeans, and colorful Hawaiian style blouses. Tennis shoes, clogs, sandals, and baby-dolls shoes were seen all over campus. Pueblo people knew how to dress in the latest, because "styling" is fun.

Pueblo's Can Food Drive was not very successful this year. Not as many students participated as last year, but we would like to thank the participators. This year only 6,330 cans were donated and 80 families were supplied. Last years amount was approximately 15,000 cans and 180 families were supplied.

During the Can Food Drive Pueblo's classes had a **Spirit Point Contest** where Seniors came in first. Second place were Freshmen, Third, Sophomores and Fourth, were Juniors.

Academically Outstanding Seniors

The 1980 EL DORADO STAFF salutes the top twenty-five seniors.

During the 79-80 Pueblo High School year students participated in many Pueblo events. Seniors were also part of the participation, while also maintaining a high academic standing. These seniors went out of their way to help make Pueblo students become more active within their school. For these students it took a lot of time and effort.

Some of these students are the ones who were selected to attend girls' and boys' state. Other seniors who are not in the top 25 also have participated in Pueblo activities. Once again we would like to congratulate all Pueblo's seniors who helped make Pueblo the number 1 school.

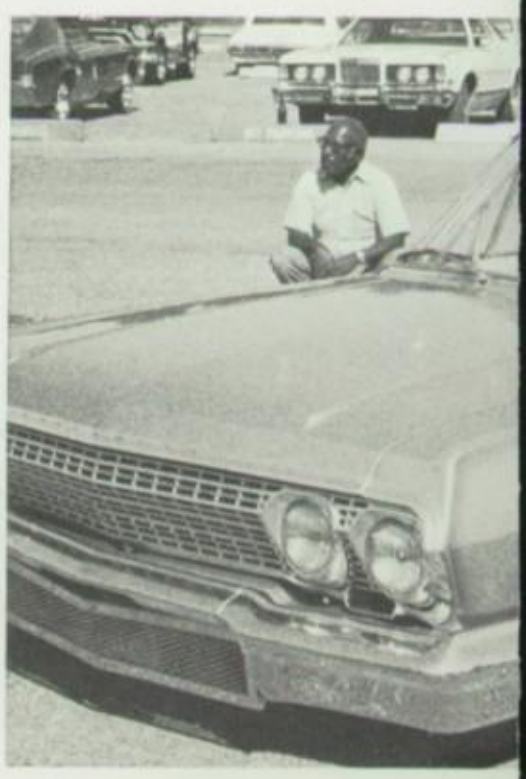
Lowriders Set New Trend

TWO

ONE

THREE



FOUR

FIVE

SIX

Throughout the past year there has been a new style at Pueblo High School and southern Arizona. The new but costly style is "low-riders". Low-rider cars don't speed, they simply cruise the streets. These low but luxurious cars are expensive to customize. About $3600 is the estimated cost and that does not include the vehicle's cost, only the interior and exterior decorating. The work is done usually by the owners of the cars.

The main attraction of the cars are their hydraulic lifts which cost $500. Other accessories are chrome wheel rims and new tires that are valued at $600. A $350 paint job completes the exterior. Interior decorations are valued at up to $1500 with some chrome designs costing $550.

Tucson low-rider clubs have formed a coalition and they include **Suave, Raza Image, Classics, Brown Pride,** along with the **Crusaders.**

This united coalition has organized some activities helpful to the Mexican-American community of Tucson. Some activities consisted of a car show and combined caravan. A fall caravan started on Sixth Avenue and led to El Con shopping mall to promote muscular dystrophy fund-raising. Another fund-raiser for low-rider bikes was sponsored at Reid Park.

These clubs have also organized the Carnalismo Fund which is an emergency fund to cover certain emergencies occurring in the Mexican-American community.

Music, Cruisin', Movies, and Fun...

Cruising, going to the movies, listening to **New Wave Rock** or **Disco,** there was always something to do, and places to go.

On Friday night and on the weekends it was easy to find a party or some people to hang out with by cruising **Sixth** or going to **Rodeo** or **Kennedy Parks.**

Movies were big whether it was a $4.00 theatre ticket or $3.50 a carload "flick" at the **Apachie** drive-in. Movie favorites seemed to be, **"Star Trek", "The Jerk", "10", "The Rose",** and **"Apocalipse Now."**

Another favorite hangout spot was **Skate Country** which features **Disco Roller skating.**

Concerts were a highlight with a long list of hard rockers along with disco and Triple Z Jazz. **Bad Company, The Cars, Styx, Kansas, Journey, Blue Oyster Cult, Chuck Mangione, Rush** and **The Sugarhill Gang** along with others dominated the Tucson concert season. Ticket prices ranged from $7.00-$10.00 depending on the seating arrangements.

Popular albums were **Pink Floyd's "Another Brick in the Wall"** which features children singing, protesting their need for education. This song caught the attention of old and young alike. Donna Summer was back with two new albums, **Bad Girls** and **Donna Summers Greatest Hits on the Radio.**

Disco was everywhere at Pueblo, in the hallways, occasionally in classroom, and even in the restrooms. The hit songs were: **"Don't Stop Till You Get Enough"** by **Michael Jackson, "Rappers Delight"** by the **Sugar Hill Gang, "The Beat Goes On"** by **The Whispers,** and also **"Too Hot"** by **Cool and the Gang.** All of these albums were the favorites at Pueblo.

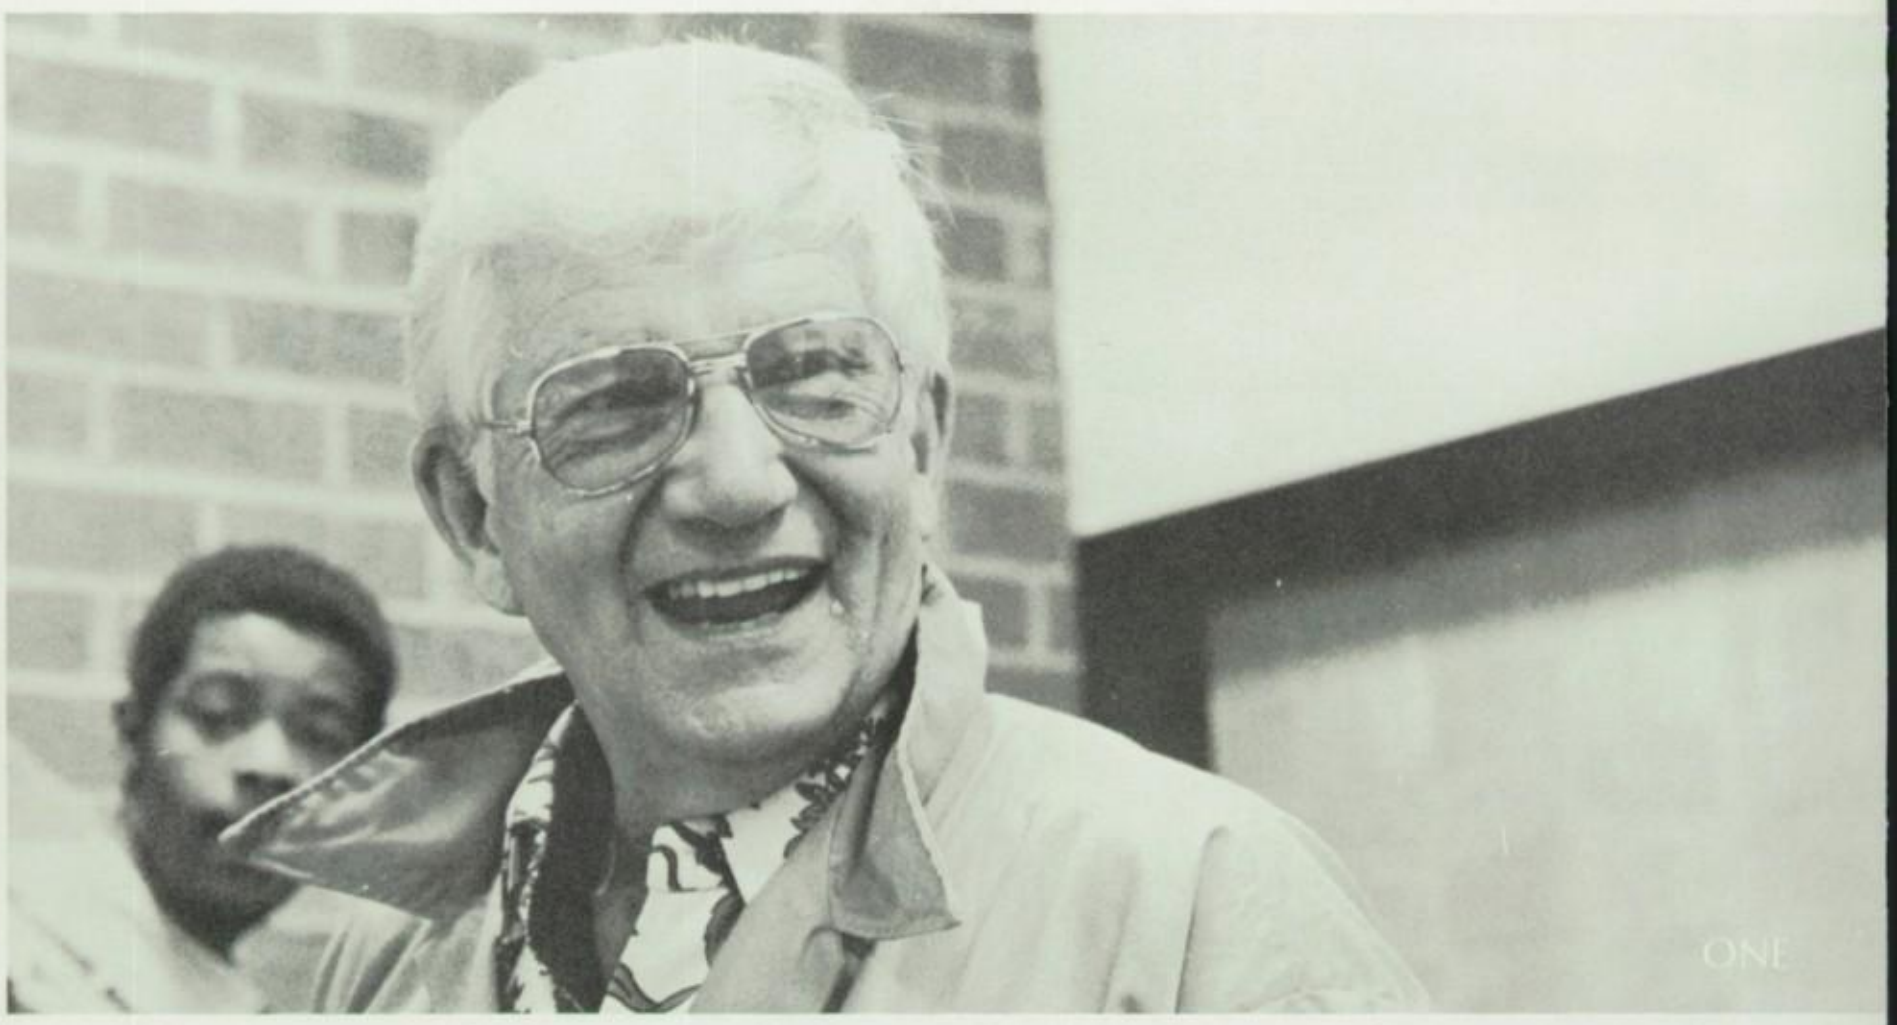
FIVE: **New Wave Rock** hit the country like a bomb.
SIX: Concerts came to Tucson for everybody's tastes.

Drama Plays A Roll



Mr. Don Caslow has been teaching Drama at Pueblo for 22 years. Two of most outstanding performers this year is **Harry Starks** and **Stella Rodriguez.**

A few of the plays that **Mr. Caslow's** class performed were "Our Town", "Lillies of the Field", "Rasin in the Sun", and "One Flew Over the Cuckoos Nest".

All of **Mr. Caslow's** students get along with him very well. When asked why this is, **Mr. Caslow** stated, "Because of my honesty and remembering when I was their age". He also said that he trys to get his students to be dependable, responsible, having a good attitude, which helps to motivate and develop their abilities in any field.

Keeping tradition is a hard thing to do but Pueblo's **Traditions Committee** did it in 1980. The main activity of the committee was the homecoming dance and half-time ceremony.

The goals of the committee are to carry on school traditions, this is a hard job because there is lack of participation.

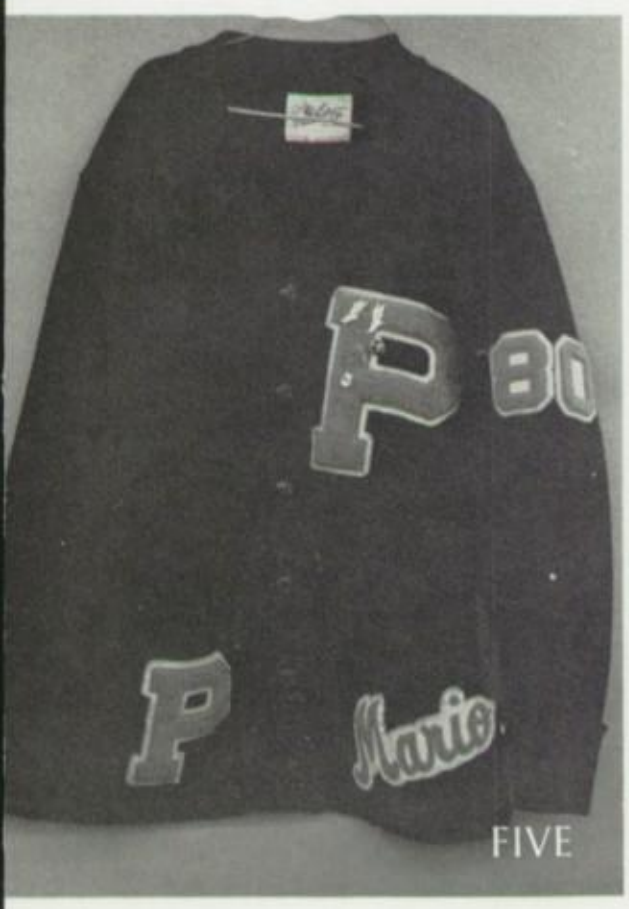
What Is The Varsity Club?



The Pueblo Warrior **Songleaders** were responsible for promoting spirit within the student body as well as stirring up the crowd at games.

Routines were planned with the cooperation of all members. During football games half-time disco routines were lead by head songleader **Patsy C. Martinez** and co-head **Cecilia Castillo.** Besides performing at games, they also performed at parades and pep assemblies. **Mrs. Scott** sponsored the **Song Leaders** but at mid-term she left leaving **Judy Gillis** as sponsor.

Part of their routines were developed at summer camp where they won a first place trophy on display in the lobby. Songleaders were a big part of the games, without them we would be missing something very important. **-Veronica R. Lowe**

The **Varsity Club** is one of Pueblo's fun clubs, where one must meet a specific requirement. To be a member of this **Varsity Club** you must earn your major "P" in any Varsity sport. The **Varsity Club** is involved in many activities. For example; car washes, candy sales, and the main activity is selling Varsity sports programs. The programs are sold at football, basketball, and volleyball games. Another fund-raising activity was the **Varsity Club** challenging the faculty in a friendly game of volleyball and basketball. Women faculty beat the girls at volleyball and boys beat the men faculty in basketball. **-Veronica R. Lowe**

Varsity Football Filled With Injuries

Pueblo's varsity football team started the season with only 9 experienced players which was to take its toll as the Warriors dropped 7 of 10 games. Lack of experience was not the only problem the Warriors faced. Injuries also became a factor as only 4 players made it through the season without injury. At one time the Warriors did have an impressive two game winning streak, with back to back wins over Catalina and Rincon. But, then came a heart-breaking game against Cholla, which the Warriors lost 21 to 20. The Warriors ended the season with another disappointment by losing to Salpointe 22 to 8. After the Season ended, there was one Warrior, **Rene Duran**, who was recognized for his outstanding play on the field. **Rene** received All-City honors from both Tucson newspapers. **Rene** was also selected for the Super-24 team. This award goes to the top 24 football players in the state of Arizona selected by the Arizona Republic newspaper in Phoenix.

This year's Junior Varsity and freshmen football teams had disappointing seasons. The Junior Varsity team won only two games and showed just 24 members on their roster. Some of the games were lost by close margins. The JV's were coached by **Saturnino Santa Cruz.**

Freshmen Warrior team finished the season winning three out of their last four games. The difference between the first half of the season and the second half was due to applying skills they had learned under the coaching of **Buddy Warnke.**

Volleyball Finishes Second

Varsity volleyball coach, **Miss Wong,** was very pleased with this year's Varsity Volleyball team. It was a successful year for all players. The team finished second in their Division, AAA South West League.

Most valuable player this season was **Diane Morgan,** who received a honorable mention on All-City Volleyball team. All players improved throughout the season.

Pueblo's Squaws weren't expected to finish as well as they did.

Miss Wong said, "We did better than expected."

J.V.'s Techniques Spike Up

Junior Varsity team was very successful this year. The team won six games and lost six.

Techniques learned this year were how to serve, hit and set the ball, plus how to play a simple 4-2 offense and how to line up for a spike. Most important technique learned was the serve-receive stance.

Coach Hodges said, "I still enjoy coaching the J.V. squad." Most improved player, in her opinion was **Rhoda Busby.**

Young Cross Country Teams Work Hard To IMPROVE

Girl's varsity cross country team led by **Elizabeth Valdez,** a freshman, were outstanding. They placed 6th in the all-city only three points away from 5th place. **Elizabeth Valdez** placed nineteenth in the all-city meet finals. Even though the girls did well, overall lack of participation resulted in there being no junior varsity team. Girls varsity had a young, but excellent team.

Cross country boy's "B" team got off to a slow start, but it was due to the fact that it, too, was a young team. They ended up with a two win and nine loss record. With a lot of gained experience, they're looking forward to next year for a better season.

Varsity Softball Learns Techniques, Junior Varsity Breaks Even

This year's Girls varsity softball season wasn't as good as was expected. They only had three wins; but they did beat Santa Rita, the team that eventually became city champions.

Although the team had some bad times due to the loss of needed players, the girls used this season to learn different techniques which gave them a lot more experience. According to Coach Warnke, next year will be much more improved because the girls will have more experience.

"The Junior Varsity team had a good season as they did better than in previous years; although they had the potential to win more games," stated Coach Ms. McDonald. The team really looked strong as there were some returning players, but some players had not played before. The girls ended their season with seven wins, seven losses and one tie. The tie was against Santa Rita. Their best win was against Tucson with a score of 25-0 in favor of Pueblo.

J.V. Team Inexperienced

ONE

TWO

This year's J.V. and Frosh basketball teams had quite a difference in their respective seasons. For the J.V. team, things didn't seem to go very well, as they won 5 games and lost 14. The Freshmen team was very different as they won 14 games and lost 5. Four of the five losses were by 4 points or less. Next year the J.V. team will be tougher because there were 3 Freshmen on the team this year with very little experience. Also next year's J.V. team will have more experienced players from this year's Frosh team.

The J.V.'s were coached by **Barry O'Rourke** and new Coach this year for the freshmen was **Jon Holstrom.**

Our outstanding wrestlers were: **Ernie Norzazary,** a junior, **Rene Duran,** a senior, as well as **Jose Rodriguez,** another junior, and **Richard Reyes** another senior. **Coach Mulay** commented that the team worked very hard, and did a fare job, although a few boys quit and this really hurt the team. Boys Tennis Team Strong; Girls Get New Coach

With only seven guys on the varsity tennis team this year, they've started out strong. Their record, at the time the book went to press, was 5-2. **Oscar Navarro, Michael Payne,** and **Efrain Chacon** are exceptionally good players in **Mr. Nunez's** opinion. He has a good group to work with as they work hard and some could play for junior college teams if they keep up with it. **Mr. Nunez** has been coaching for fifteen years and has enjoyed every minute of it. **Mr. Nunez** was at one time a tennis player at Pueblo as a student and has gotten very involved in tennis as a coach and advisor.

Pueblo's girls' tennis teams have a new coach, **Mrs. Larson.** In her opinion, the best players will be the returning players who are mostly seniors. Returning senior players are **Yolanda Higuera, Ingrid Lee,** and **Rachael Vidal.**

Coach Larson also thought that the west league schools of Amphitheater and Catalina as well as the east league schools of Sabino and Sahuaro will be tough to meet and beat.

Varsity Baseball Team Expected To Do Well

This years Varsity Baseball team consisted of eighteen players; one was a sophomore, and five were returning regulars from last year's team. The returning players were **John Gonzales, Rene Duran, Carlos Carranza, Tony Corona,** and **Luis Martinez.** The only sophomore on the Varsity squad was **James Rincon.**

"The players who have the most potential to be the best players on the team are **John Gonzales, Rene Duran, Carlos Carranza, Trini Amaya, James Gonzales,** and **James Rincon,**" said Coach **Gastellum** at the time he was interviewed.

The Varsity team was expected to do better this year than last year's team record of 13-10 with a 3rd place finish in the West League. The reason for this was "because we have some outstanding regulars, and there is a good group coming from the JV's", added **Gastellum.** "Our pitching corps will be stronger than last year's," stated **Gastellum.** Other reasons for these expectations were that the team had very positive attitudes, good hitters, sound pitching, intelligent players, and a strong desire to go to state. **Gastellum** was very positive that this year's team would go to the playoffs.

There were twenty regular season games scheduled, of these eleven were to be played at home. The Warriors will play thirteen different teams, but the toughest ones should be Cholla, Amphi, and Sunnyside. The reason these are the toughest teams is because they also have either many returning players, outstanding athletes, and/or good pitching. Our Warriors will be able to meet that challenge.

However we don't have enough swimmers so the number of points we can earn at a meet is reduced." She also worked at Spring Jr. High as assistant principal. **Miss Grace** would like to make Pueblo High School the number one school in the city. "I'm looking forward to a successful year," concluded **Miss Grace.**

—Wendy Woods

Will 1980 effect Pueblo High School was a question many of us wanted to know? The answer was yes, according to an interview with **Mr. Hendrickson,** principal. He said there will be many changes within the school. For example, a change will be the big gym converted into part of the cafeteria and building a new gym on the school's west side. Another planned change is to have the teachers cafeteria extended into the bookstore and also putting a ramada in the patio and enlarging the pool area. **Mr. Hendrickson** hopes to see these changes made within the next four to six years.

Advisors Change System

Changes have been made this year with the advisors. Now, there is a head advisor who doesn't have any students, but takes care of administrative matters such as Career Guidance for students.

Some of the advisors now have more students. **Mrs. Velez** took **Mr. Rodger's** students and **Mr. Gastellum** took over **Mr. Santa Cruz's** Students.

This change was due to complaints from students. Last year one complaint was that the advisors were never there when needed. "This wasn't because we were hiding, but were occupied with some other students", replied **Mr. Collier.** Most students now have an easier time getting to see their advisors.

—Wendy Woods

Mrs. Jan Zimmerman is Pueblo's new career guidance coordinator. She also has various jobs such as helping students with schedule changes. **Mrs. Zimmerman** was a counselor at Maxwell Junior High for three years. She also counselled at Townsend Junior High for two years and was an elementary teacher for five years at Brichta School. "I enjoy counseling the most", said **Mrs. Zimmerman.** "I like the students at Pueblo and see the need for a lot of changes, but I think that students can work together to get a delegate assembly for more student input to help with changes. I think it would be a lot more successful if students and faculty worked together as a team", concluded **Mrs. Zimmerman.**

Business classes — Eech! That's how most students react at first, but once they take a class, they want more business training. New teacher on the business staff is **Louann Hume** who teaches a CETA federal program third period only. New equipment added this year includes ten electronic calculators and a multigraph offset machine. — **Mary Garcia** and **Yolanda Varela**

Mr. John Holstrom replaced **Paul Parker** who retired, making him the only new teacher in the science department.

Mr. John Hannon, department head, said he'd like to see change in the department. He commented on the lack of use of fee money provided by the students for new lab equipment and live and preserved material. Fee monies aren's used to benefit the department and **Mr. Hannon** would like to see the money used to help the students learn in the science department. — **Sam Valdovin** and **Ilona Hubert**

English department had four new teachers this year who were **Mr. Koppy, Ms. Scott, Ms. LeSeur,** and **Mr. Gordon.** Teachers said that Pueblo students are not hard to teach. However, it is sometimes hard for students to learn. Students at Pueblo High mostly enjoyed their English classes when they had movies, games, or when they read books and plays as well as magazines.

Things which the students disliked about English classes were when the teachers did not give clear answers to questions. Also disliked was grammar studies and books like **Beowolf.** This year we received new grammar textbooks, **Wariner's,** that are used at the universities. There were essay contests this year that Pueblo students entered. English department will lose **Mrs. Marion Wright** who plans to retire. Many people enjoyed Home Economics. But some think that there should be more guys involved in this class, so that they can learn different household and child care responsibilities. This year there was a new course in Home Economics called the "The Year Of The Child". It had to do with the needs of young children. There was also a new teacher this year named **Renee Alley. Charlotte Queen** headed the department. **Karen Schnieder,** and **Claudia Lusteck** remained in the department as in past years, because they liked working in home economics. Most people enjoyed taking home economics classes because the classes helped them plan for the future. Even though most felt this way, some students took home economics just for the easy credit. "Rings and Things", the class that helps students plan for the future, showed students how to figure future budgets that they might have once they're on their own or married. Also it helped the students realize what they could get out of life after they have graduated.

Annabelle Nunez is a student who enjoys collecting candles, she does this in her spare time. Not just one certain kind, but many different kinds. For example, she collects crayons, flowers and animals. This has been her hobby for 2 years now. As of now, Annabelle has a total of 17 candles, and plans to collect many more.

Jackie Barry works on newspaper staff.

Sophomore **Jackie Barry** has a hobby of collecting gum sticks. This has been her hobby since her 7th grade. Jackie has collected gum from more than 8 different countries, for example Japan, Mexico, England, Hungary and many others.

The neat thing about her gum collection, is that they're in all different flavors; coffee, onions, garlic and sweet pea. Jackie states that she still doesn't have as many as she would like to have because in the United States you don't find a variety of gum in different flavors that are from foreign countries.

As the 1979-80 **El Dorado** Editor I would like to thank the following people for their help in providing a bigger, and better yearbook.

Mr. Phil Dering - Jostens American Yearbook representative for all the good and thoughtful advice.

Mrs. Pat Devitt and **Mr. Norm McKwen** - Levy's Portrait Studio for taking such great senior pictures, and all others which were used throughout the Yearbook.

Mr. Jim Honcoop and photographers for taking great action, group, and staff photos. We greatly appreciate all photos from free lance photographers.

Jostens Professional Artist - for helping us decide on the cover design, and helping us design our opening layouts.

National Schools - for taking great underclass photographs.

Old Tucson - for letting us use their location for our Yearbook Staff pictures, and for all the trouble we caused.

and last, but not least a special thanks to;

Our own **El Dorado Staff** and Advisor **Mrs. Barbara Beamer** for not falling far behind in their work, and doing everything to the best of their possible abilities.

Sincerely,
Your 1979-80 El Dorado Editor,

Patty Salinas

Hey Johnny,

I kind of glad we got to know each other over the years. I just hope that after I leave this "Day care center for the Juvienile Delinquints" I hope you will not be out walking around after curfew If you know what I mean But seriously I had the best time bugging you and keeping you from working in Printing I did my best to help you not get any grade at all. So Another school year has come to an end So what! except that I don't have to come back next year. Thank God

Take Care and I wish you all the best in your future.

Love

Lisa

P.S. Keep in touch and don't let any more catax ya, or else.

Hi* Johnny,

Well, what can we say, but that another year has gone by and we're one year older & stronger. I feel like I know you so well now TERRIFIC! (Just Kidding). We've had a lot of fun and joking times together, and I hope they can continue on as long as possible! You can really liven up a person when they're down with that humorous personality of yours! I'm sure we will be seeing each other throughout the summer so you don't have to worry about missing such a GREAT person as I (Yeh)! Speaking Seriously now, we've only got one more year left before we go on to college so lets try and make the best of it. You do your best in Football, basketball etc., and I'll do my best in diving etc. Just remember me when I am famous and I'll remember you when _____ (Just Joshin' you)!!

All I can say is take care this summer and make it one of the best ever.

A Friend Always,
(the one and only)

Johnny!

Since there was no place to write to a sweet guy like you I decided to only write a little bit. We have been friends for a very long time, you always seem to want to tell me something and then say "I'll tell you later" I don't think later well ever the way it's going. I just hope we will always be close, that's more than I can say for this year. Right. We always say well talk more but sometimes we just don't. Anyway, you have my number and you know I'm always ready to talk, I'm out of here. good luck see you next year. have a super summer
